

## CHAPTER 13 - THE FINAL CHAPTER

Millions of years later, after the extinction of the human race, Lich DJ Joey Riot is still hiding in the same tree. He is so scared and bored he hasn't tried to do a poo in months.

"Oh God" he murmurs to himself as another herd of Ginger Monkeys<sup>1</sup> run past.

He then remembers the two things he has been trying to remember for decades. They are things that Chris, Gill's husband, told him when he was 'out cold' on the fly agaric mushroom. He remembers them...

"You're quite tall man."

and later...

"You're not as tall as some people."
